Greetings to Customers, Old and New

In presenting our 1930 Catalogue we wish to thank our Customers for their liberal patronage and the many letters of recommendation of the Hope Farm Dahlias which have been received the past season.

This year offers you the highest quality in Prize Winning Dahlias that we have ever grown.

A satisfied customer is our best advertisement. Therefore in soliciting your patronage we wish to earn your confidence by fair dealing.

Again thanking you for past favors and assuring you that future orders will receive the same careful attention we have always enjoyed showing our customers.

Very sincerely yours,

HOPE FARM DAHLIA GARDENS

Cultural Directions

Dahlias are easily grown, doing well on most any kind of soil. Being an autumn flower they should not be planted too early. They are remarkably free from disease and have a few special enemies. They prefer a sunny situation, although some do nicely in partial shade.

Prepare the soil by spading deep—if soil is light and sandy a little well-rotted manure may be used to an advantage. Add sand or coal ashes to heavy soil. Plant about 2½ feet apart each way. Drive a stake in each hole to support the plant. Lay tuber down flat with eye upward and next to stake, about six inches deep, and cover two inches with pulverized soil, gradually filling to level as plant progresses. As soon as plants are large enough, pinch out the top just above the second or third set of leaves; this causes the plant to branch. Cultivate well till buds appear, then stop all cultivation except light raking after rain.

For extra large blooms disbud by pinching off all buds in a cluster except the strongest one.

TIME OF PLANTING—The time for planting dahlias varies according to the locality. Dahlias can be planted any time after danger of frost is over, and under ordinary conditions will blossom in about 12 weeks after they have been planted. It is always best to wait until the ground becomes thoroughly warmed.

After the frost in the fall, cut plant to within six inches of the ground and dig carefully so as not to break off tuber, for the eyes for next season growth are only found where the tuber joins the stalk. Store same as potatoes where they will not freeze, shrivel or rot. Turn clump upside down to drain out any moisture that may start decay.

SIZE OF BULBS—The size of the bulb or tuber does not in any way designate the size or equality of the flower. Some varieties of dahlias always produce very small bulbs, while other varieties make large ones. Do not consider small bulbs worthless, for they are equally as good and in many cases better than large ones. Medium and small sized bulbs more often produce the finest and highest colored flowers, and in many cases the best and most effective plants. The only requisite of a dahlia bulb is: Be sure that your bulb has one or two eyes or sprouts, whether large or small, and with proper cultivation, success is generally assured.

GUARANTEE—We guarantee every plant, bulb or root sent out by us, to be just as represented, absolutely true to name, reach destination safely in perfect condition, and prove entirely satisfactory; we will cheerfully replace any that should prove other wise if you return us the tubers by July 1st. You run absolutely no risk in ordering from us.

TERMS—Cash with order. Remittance may be made by bank draft, post office, express money order, or check.

We feel sure you will find it pays to buy direct from the grower, who combines the sale of cut flowers with that of roots, which tends to lessen the overhead costs, and enables us to give you a much better value.

Visitors Always Welcome

Hybrid-Cactus Dahlias

- ADDA PATTERSON**—One of the best white Hybrid Cactus Dahlias to date. The flowers are pure white, and averages 8 to 9 inches in diameter. The plant is a beautiful grower. - QUEEN MARY** (Cannell)—A medium sized flower. Color, clear, silvery pink, shading cerise. Vigorous grower. Tubers.....25¢
- QUEEN OF THE GARDEN BEAUTIFUL**—The form of this dahlia alone makes it a distinctive flower, with its large center and wide petals. The color is a bright yellow with tints of green—a more interesting color than the description as it gives an unusual warm tone to the flower. Tubers.....\$2.00
- RADIO** (Decorative)—Probably the largest bi-colored dahlia in existence. A combination of red with yellow tips. Extra fine in every way. Tubers.....\$1.50
- RED WING** (Kirby)—A very fine bright scarlet. One of the few good cutting reds; 4 to 6 inches. Good stem, 8 to 12 inches. Tubers....\$1.00
- REGAL** (Boston)—A combination of Autumn shades, bronze heavily suffused with dull old rose, shading to gold at base of petals, giving the effect of burnished copper, an early and free bloomer, flowers attaining exhibition size. Plant has good habit of growth, stems straight and stiff. Tubers.....\$10.00
- ROBERT SCOTT** (Decorative)—A new apricot yellow with rose shadings; large bold flower with fine stems. Tubers.....\$2.50
- ROSE FALLON**—The color is a dark orange, tinted with amber and salmon and is both pleasing and effective. Tubers.....\$1.50
- ROSE NELL** (Broomall)—A clear bright rose in color, another grand sort for garden or exhibition purposes, on very long stems. Tubers.....75¢
- ROBERT TREAT** (Mueller)—Decorative. American beauty rose shade; very large perfect flowers; fine type of decorative. Stems very good. Tubers.....\$1.00

- ROMAN EAGLE**—A magnificent burst of autumn flame. Brilliant, burnished copper blooms of great size, held erect above luminous green foliage. Tubers.....\$1.50
- SAGAMORE** (Kirby)—Decorative. This is a splendid variety either for exhibition or as a cut flower. It is rich amber gold shading to the center with a warm salmon rose. It has a splendid formation and perfect stems. Tubers.....75¢
- SANHICAN'S BLUEBIRD** (F. & M.)—A pleasing near to blue decorative with outer petals of bright violet blue, while the center petals retain the violet tint. An attractive flower on wiry stems. Tubers.....\$1.00
- SANHICAN'S MAGNATE** (F. & M.)—A splendid exhibition decorative of a pale amaranth pink, face of petals tinged with a deeper shade and the reverse of petals a solid claret color heavily veined. One of the "big fellows" on a dwarf bush. D. S. of N. J. Cert. Tubers.....\$1.50
- SNOWDRIFT** (Broomall)—Giant, pure white deep flower with broad waxy petals. Has a good stem by pruning and disbudding. Fine for exhibition and garden. Tubers.....75¢
- SOUVENIR DOUZON**—An immense flower with broad, flat petals and full to the center. This one is undoubtedly the largest red in the decorative section. Tubers.....25¢
- SYLVIA DICKEY** (Finger)—A beautiful violet rose with lighter shadings. Flowers of great depth and substance. Always in bloom from early until late in the season. Tubers.....50¢
- THE EMPEROR** (Marean)—Decorative. Maroon, very fine large flowers. good stems. Tubers.....\$1.00
- THE LEMONADE**—Yellow Dahlias are becoming very plentiful but this one attracted a great deal of attention both in the field and on the exhibition table on account of its size and beauty. Clear lemon yellow, stiff upright stems, good habit of growth and an excellent keeper when cut. Tubers.....\$2.00
- THE WORLD** (Dahliadel) This wonderful new dahlia was selected at the A. D. S. Show in New York by Mr. J. D. Sullivan, of the New York World. The coloring is an unusually rich, deep, rosy magenta overlaid garnet with silver shadings on edges of petals. A rich and beautiful combination of colors. Perfect, full centers. Stems are strong and erect. Foliage leathery and repellent to insect injury. This greatly admired dahlia is sure to please you. Tubers.....\$7.50
- TOMMY ATKINS** (Boston)—Here we have the richest golden scarlet a color that glistens in the sunshine, an exhibition flower that always attracts attention, a giant in size. Tubers.....\$1.00

- TRENTONIAN** (Fisher & Masson)—Large, perfect decorative, the color is in the brown tones; the flowers are of fine formation and produced in quantity on stiff stems. Tubers.....\$1.00
- TREASURE ISLAND** (Dahliadel)—One of the brightest autumn shade dahlias we have seen. Color, bright apricot with gold, and rose suffusion and shadings. Bush growth is strong, branches readily from the ground, giving 5-foot stems. Flowers are held erect with full centres throughout the season. A dahlia that will score high both early and late in the season. Tubers.....\$7.50
- VENUS** (Marean)—This popular large flower, with slightly wavy petals of white shaded violet rose, is dainty in color effect. Stem, bush and habit of growth make it very desirable. Early and profuse. Tubers.....50¢
- WALDHEIM SUNSHINE** (Peacock)—This giant yet graceful dahlia is one of the best. A true deep yellow that will show up yellow under artificial light. The reflex is darker, and there is a rich golden suffusion around the beautiful full, high centre. The bush growth is good, stems are strong and erect. It is a sturdy grower and free bloomer. The centres were perfectly full when killed by frost. Tubers.....\$5.00
- WATCHING SUNRISE** (Smith)—In color it is a golden amber, with the reverse of petals showing rose pink and each petal distinctly edged rose pink, making it very distinctive. Flowers are massive on strong, erect stems. Tubers.....\$3.50
- WHITE EMPRESS** (Jost)—This 1929 introduction bids fair to be the best all-around white yet introduced. It is a strong, healthy grower with flowers held well above the foliage on strong stems. It won the Darnell Cup at New York for the best keeper and should prove very popular for florists' use and on the exhibition table. Tubers.....\$7.50
- WHITE SISTER**—A glistening, pure white on good stem. Much in demand for cutting and exhibition. Tubers.....\$1.50
- WILLIAM H. HOGAN** (Decorative)—Winner of first prize New York, 1927. This is one of those dahlias that must be seen to be appreciated. Color garnet red with white tips running down the center of the petals. Perfect stems. Never has sported, every petal coming true to color. Nothing like it in dahlias. Tubers.....\$7.50
- WINFIELD SLOCOMBE** (Slocombe)—This fine decorative dahlia is a beautiful burnt orange shading to gold at the center, an alluring combination for decorative purposes under artificial light. Good stems, and in bloom from early until late. Tubers.....\$1.00
- WORLD'S BEST WHITE** (Murphy)—As fine a white for exhibition or garden as you could choose. The immense creamy white blooms are born profusely on stiff stems. Tubers.....\$1.50

WM. SLOCOMBE (Slocombe)—This dahlia will appeal to you for size. Color, clear, canary yellow. Stems not pendant but not always strong enough to hold such massive blooms erect. Tubers.....\$1.00

YELLOW BEAUTY (Waite)—A seedling of Jersey's Beauty, having the same splendid stem, perfect form and habit of growth—the color being a pure empire yellow. We predict, in all sincerity, that Yellow Beauty will become as famous and popular in the Yellow class as the former became in the "Pinks". Strong, field-grown tubers. Tubers.....\$10.00
